SUMMARY

Frontend Developer with 4 years of experience in creating responsive and user-friendly web and mobile applications using React, React Native, Angular, and GraphQL. Improved application performance by 40% and reduced bugs by 70% to enhance overall user experience. Eager about solving problems with clean, efficient code and staying updated with the latest technologies to deliver reliable and effective digital solutions.

WORK EXPERIENCE

Gojoko Technology Pvt Ltd. Noida

Oct 2022 - Present

- Developed and maintained Gojoko's website using Angular, migrated a website to the latest Angular version with ButterCMS and Tailwind, improving site performance by 25%.
- Led the development of Gojoko's new website using Next.js, resulting in a 30% increase in performance metrics and improved user engagement.
- Worked on a credit card project using React Native, reducing app load times by 20% and enhancing user satisfaction.
- Integrated GraphQL for efficient data management, improving data fetching times by 15% and overall app responsiveness.
- Collaborated with cross-functional teams, optimizing the application for speed and scalability, leading to a 25% increase in development efficiency.

Newgen Software Pvt Ltd. Noida

Sept 2020 - Oct 2022

- Led a major process re-engineering project, enhancing service process efficiency by 25% and reducing communication errors by 15%.
 - Led cross-functional collaboration sessions to identify key usability issues within existing applications; conducted thorough analyses that drove enhancements and led to an increase in positive user feedback scores by over 35%.
 - Successfully migrated 20+ legacy user interfaces from JSP to Angular, adopting agile methodologies and maintaining high-quality standards through comprehensive testing, resulting in a 30% reduction in bug reports.
 - Ensured top-notch code quality through peer reviews, reducing post-deployment defects by 40%.
 - Implemented a robust CI/CD pipeline, cutting down time-to-deployment from 5 days to just 2 hours, significantly accelerating the development cycle.
-

CORE COMPETENCIES

Frontend Development:

- **Languages & Frameworks:** TypeScript, React, React Native, Angular, HTML5, CSS3, Tailwind CSS

- **State Management:** Zustand, Redux

Backend & Databases:

- **Technologies:** GraphQL, RESTful APIs, NodeJS, MySQL
- **Tools & Platforms:** Cloud & DevOps: AWS (S3, Cloudfront, EC2, Lambda, Api Gateway), Git, CI/CD pipelines

Methodologies:

- **Best Practices:** Agile, Test-Driven Development (TDD), Continuous Integration/Continuous Deployment (CI/CD)

EDUCATION

2016 - 2020

Amity University Noida

B. Tech - Computer Science

85%

Alpine Public School

85%

St. Augustine Sr. Sec. School. Agra

8.7 CGPA

CERTIFICATE

- Certified React Developer - **Meta (Facebook)**
- GraphQL - **Udemy**
- Advanced JavaScript and TypeScript - **Udemy**

PROJECTS

Ecommerce Website: Built a fully responsive e-commerce platform with product listings, shopping cart functionality, and API integration

- **TechStack:** React, Tailwind CSS, Axios, Context API.

Recipe Finder: Developed a mobile-friendly recipe search app, utilizing external APIs to display recipes with filtering options

- **TechStack:** ReactNative, Tailwind CSS, Axios, Context API.
